Dear Ms. Flanagan,

Thank you for giving the money so we could go to the Audubon Center.

I really enjoyed walking and learning a lot of stuff.

I learned that the Red Eft are poisonous. they can give you a rash. I also learned that if you take an animal from the wild you can't put it back. If you put it back it not going to survive. I learned that a squirrel nest is call a drey. I also learned that a cricket boy have to be in the head

Thank you for being so kind and paying for our class trip to the Audubon. I had a great time!!! I learned about I learned about a box turtle; A box turtle live up to 100 years old and has a hard shell, I enjoyed walking under the tall trees. I met a bird who was missing his mom because he was taken from his nest. I know that a salamander lives under logs.

Thank you very much for
 sending our class to the Farfield
 Audubon Center. If it wasn't for
 you we couldn't have learned
 about nature like we did. We
 got to touch a turtle and to see
 an owl. I smelled the bad scent
 of the dead mice they were eating
 and I could hear the owl singing.

Thank you again, it was
 a great experience!
 I hope I can go there again
 maybe then you can
 give me a bigger tour.

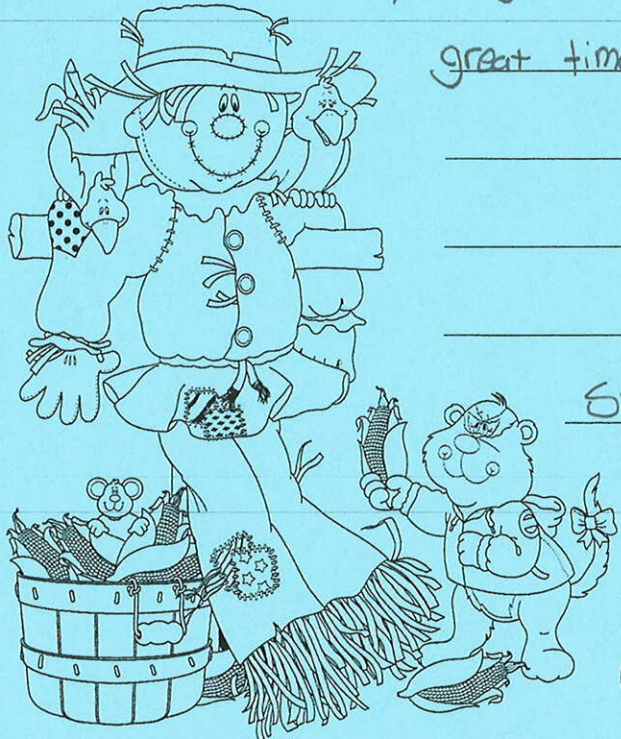

Sincerely, Samuel

Thank you very much for sending our class to the Fairfield Audubon Center. I'm glad we got to go it was exciting! As a matter of fact, I was so excited my shoes almost flew off. Have you ever felt that excited? We also saw three slugs crawling on a worn down tree it was really cool. Thank you again for the trip-we had a great time!
